

Introduction

"If we command our wealth, we shall be rich and free. If our wealth commands us, we are poor indeed."

- Edmund Burke

"Setting goals is the first step in turning the invisible into the visible."

- Anthony Robbins

If your primary goal is to make lots of money and if this is what is going to consume your waking moments, how much thought have you given to what money really is and how you became so entwined with it?

What if it is your abundance that creates wealth and not money that creates abundance?

These modules are about changing your life, tapping into your greatness and achieving the work of your life purpose. Making money will be easy for you when your thoughts and actions are congruent with your purpose.

Instead of living on the edge of your potential, be congruent with your highest potential. What would you feel like, what would those around you feel like if you achieved ... (whatever it is you wish to achieve). Do you want to live your life in a way that gives you purpose and meaning?

It is your turn - to achieve your true worth - and to step into your highest potential.

As you contemplate the concepts discussed with you, please move past your limiting beliefs and perceptions and allow your heart and your intuition to guide you. Your past is your history so choose your future and make your life a commitment to that future, to achieving your goals and dreams.

"See yourself living in abundance and you will attract it. It always works, it works every time with every person"

- Bob Proctor

"Nothing can stop the man with the right mental attitude from achieving his goal; nothing on earth can help the man with the wrong mental attitude"

- Thomas Jefferson
